22 February, 2015-17,362 / 3.4 / Game: Use Application After playing the initial version with the restriction of 5 players, this Tarnished version has a good mechanism to raise (or lower) the ranking depending on the player's performance. However, since the game setting is too similar to the initial version, I felt the deviation and restriction of allowing players to drop. For example, unlike the first version, the number of summoned minions was restricted. Players had to craft materials and spend in-game resources to expand their mana supply. 02 December, 2015-14,504 / 3.8 / Action It was fun to begin with and I actually enjoyed it. I recommend this to those who want to enjoy a fantasy action RPG while playing the game. 10 May, 2016-4,588 / 3.4 / RPG It was fun to begin with.
